## GENZYME CORPORATION AWARDS CONTRACT TO OPENWORKS

Phoenix, Arizona (July 2007) -- OpenWorks, a leader in the facility services industry, announced that Genzyme Corporation has recently awarded the Company a contract to provide commercial cleaning services to their Diagnostic Testing Center in Phoenix, Arizona.

"OpenWorks commitment to consistent professional service, our expertise in the commercial cleaning industry and our approach to environmentally safe products used in the cleaning and maintenance of their testing center helped to build this relationship," said Derek Hanson, Arizona Regional Director. Derek worked closely with Norm Makowski, Account Executive, as well as Esaul Davila, OpenWorks franchisee, to form this new relationship.

### **About Genzyme Corporation**

Genzyme Corporation has been chosen to receive the National Medal of Technology, the highest honor awarded by the President of the United States for technological innovation. Genzyme is being recognized "for pioneering a unique business that has led to dramatic improvements in the health of thousands of patients with rare diseases and harnessing the promise of biotechnology to develop innovative new therapies."

In addition to creating breakthrough medical treatments, Genzyme has also taken an innovative approach in its efforts to increase patient access to therapies, in its commitment to environmental responsibility, and in the way it serves global markets. The company's headquarters, Genzyme Center, received the **U.S. Green Building Council's highest rating** – platinum- for its environmentally innovative design. Genzyme is building a new Science Center in Framingham, Mass. and a new manufacturing facility in Lyon, France, both of which will incorporate environmentally innovative features.

### **About OpenWorks: Give Your Facility The Works**

As a *premier provider* of facility management services, OpenWorks offers far more than standard janitorial services, we offer *peace of mind*.

In 1983, Founder and CEO, Eric Roudi, built the company based on one core philosophy: the cleaner a work environment, the more productive those who use it can be. Today, that philosophy remains the foundation for the organization's continued success, and we remain steadfast in our commitment to continuing to innovate for healthy work environments on behalf of our clients.

For a cleaner, more productive, work environment, let OpenWorks *give your facility the works*. For more information, visit the OpenWorks website at [www.OpenWorksWeb.com](http://www.OpenWorksWeb.com).
